

Aviation Security Recurrent

Department for Transport compliant - 4 Hours

The security recurrent course is a useful refresher to keep crews up to date with current security measures and methods for dealing with any situations that may occur. The recurrent syllabus runs in parallel to that of the initial course but covers each section in more detail aimed at those with previous experience.

- I. The Threat to Civil Aviation
- II. Objectives and Organisation of Aviation security
- III. Potentially disruptive passengers
- IV. Secure Restricted Areas and Critical Parts
- V. Recognition and identification of the various types of prohibited articles
- VI. Searching/Checking aircraft on the ground E/U directive 622/2003
- VII. Assessment of bomb warnings
 - Part 1 Emergency procedures in the air
 - Part 2 Emergency procedures on the ground
- VIII. Searching/Checking aircraft
- IX. Personal Safety / Security
- X. Handling the media and post event briefing.
